

Trust the PURELL® Brand to Disinfect the Surfaces You Touch

PURELL® Professional Multi-Surface Sanitizer & Disinfectant

Kills 36 Germs in 30 Seconds.
No Rinse Required.

As part of The PURELL SOLUTION™, PURELL Professional Multi-Surface Sanitizer & Disinfectant is a one-step disinfectant and cleaner that dissipates quickly leaving no streaks or sticky residue. The multi-surface formulation is a revolutionary formulation designed to accelerate the germ-killing power of alcohol, without the use of harsh chemicals.

RAPID KILL TIME

Eliminates 99.9% of germs, including 30-second disinfection of Norovirus, *E. coli*, *Salmonella*, Cold & Flu, MRSA, and VRE.

FORMULATED FOR FOOD-CONTACT SURFACES

No rinse required on food-contact surfaces.

WORRY-FREE PERFORMANCE

No health hazard warning statements.
No handwashing required. Fragrance-free.

MULTI-SURFACE USE

Proven across a variety of hard surfaces.

Powerful Germ Kill, PURELL PEACE OF MIND™

Canada trusts the PURELL® brand for effective protection against germs on skin. Now, backed by more than 25 years of scientific expertise, the PURELL brand brings you a patented one-step surface sanitizer and disinfectant with PURELL TOUCHABLE™ Technology.

PURELL TOUCHABLE™ TECHNOLOGY

Our powerful but low-toxicity formulation means you can disinfect throughout the day as needed.

- Formulated for food-contact surfaces – no rinse required
- No health hazard warning statements required
- No handwashing, gloves, or safety glasses required
- No harsh fumes

FAST AND EFFECTIVE

PURELL Professional Multi-Surface Sanitizer & Disinfectant is effective on 99.9% of germs, including Norovirus, *E. coli*, *Salmonella*, Cold & Flu, MRSA, and VRE viruses that can spread rapidly. The patented formulation works fast, killing 36 germs on surfaces in just 30 seconds.

No competitor can match the PURELL® brand's high standards for performance, people, and the environment.

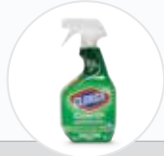

THIRD-PARTY TESTED FOR PEOPLE AND THE PLANET

This breakthrough formulation raises the bar for safety in surface disinfection. The whole product formulation and each ingredient are scientifically tested by a third party to meet stringent safety standards that ensure no presence of chemicals of concern and the lowest levels of ecotoxicity in the product category.
